

FOR IMMEDIATE RELEASE

A Group of NFL, NFL Europe, AFL, and CFL Football Players Donate Several Million Dollars Worth of SAT & ACT Training to Hundreds of Thousands of Students Nationwide.

Los Angeles California, Mar. 2006 For the second year, eKnowledge LLC announces that a group of NFL, NFL Europe, AFL and CFL football players all represented through the Victory Sports Group Agency, has donated several million dollars worth of \$199 SAT & ACT test prep programs to high school students nationwide for school year 2006-2007. After receiving thousands of emails and letters from families, teachers, and students nationwide over the past year, the benefactors agreed to sponsor the programs for a second year. For the past several weeks eKnowledge LLC, the maker of the program, has been contacting districts about this generous donation. Because of the immensity of the number of districts, eKnowledge is doing its best to contact the right person at each district to let them know about this donation. The nationwide PTA has also been notified. Specifically, the donation allocates hundreds of thousands of the interactive video CD/DVD programs to students nationwide, which will be distributed on a first come first serve basis. EKnowledge has been asked to make it as easy as possible on all the districts and schools. To accommodate this wish they have set up a website to allow parents, students, teachers, or administrators to reserve a program directly. They enter the donation code along with their school's name and the program will be shipped to their home directly. The programs distributed through this donation have a license that will last one full year, and are intended for the sole individual use of students on their personal home or laptop computer. They are not intended for group or classroom instruction through the schools. Requests to receive the donated program can be placed now on the website. <http://sat.eknowledge.com/nation.asp>

About The SAT & ACT Power Prep DVD/CD-ROM Program

The SAT & ACT test prep training programs are DVD or two CD-ROM sets that include more than ten (10) hours of training video and 25-40 hours of student participation—They can be used as a stand-alone complete course or as a supplement to other SAT & ACT prep materials. The students select the training they most need and can study at their own pace by picking which of the 120 video lessons they want to view. The program also provides progress tracking and much more.

How Parents and Students Order their Program
